Re: **Nevada Business Park** (5 tilt wall industrial buildings totaling 288,128 square feet)

Dear Brad:

I would like to take this time to thank you and Fullmer Construction for doing a superb job on the building of our Nevada Business Park industrial project in Redlands, CA. As you know, this was the first large development project for my firm and your expertise and organization were instrumental in the project running smoothly. It was completed on schedule, on budget and the final product was outstanding and something I am truly proud of. It has been a pleasure dealing with you, your professional staff and the various subcontractors on the job. That said, I would highly recommend Fullmer Construction for any commercial building project, large or small.

Looking forward to our continued business relationship.

Sincerely,

Rossmore Enterprises

Phil Sirianni, Jr.
President
