To Whom It May Concern:

Over the past 25 years I have developed a close working relationship with Bob Fullmer and Fullmer Construction. Fullmer has acted as the General Contractor on countless projects for Turner Development. I have so often and continue to use Fullmer Construction because of their expertise and professionalism, their ability to stay at or under budget and their creativity in finding ways to accommodate good architectural design.

When working with Fullmer, the message is always clear: relationship over profit. This priority proves that they not only value our business, but conduct their own with honesty and integrity. They are always working to get their clients the lowest price and the best value; this is a priceless trait to an owner or developer.

Fullmer has also consistently proved to me that it is capable of adapting to changes or problems during the development process. I have always been extremely satisfied with projects that I have developed with Fullmer and would highly recommend them to anyone looking for a strong general contractor relationship.

Sincerely,

A handwritten signature in black ink, appearing to read "Rusty Turner", is written over a faint, light-colored signature line. The signature is fluid and cursive, with a large loop at the beginning and a long, sweeping tail that extends to the right.

Rusty Turner
President
